

NIH Electronic Submission Program

Service Provider Questionnaire

Company Clinical Tools Inc.
Product HealthProposal.net

1. Briefly describe your product/service.

HealthProposal.net (<http://www.healthproposal.net>) is a Web-based service for electronic submission of any grant proposal application sent to Grants.gov using the SF424 (R&R) set of forms. HealthProposal.net is a proven solution for e-submissions – already over 100 grant applications have been successfully submitted electronically to the NIH via HealthProposal.net using both PHS398 and SF424 (R&R) datasets. User satisfaction is high, as shown by satisfied, repeat clients.

2. Do you plan to offer your product/service as a standalone application, a comprehensive grants management system, or both for:

- *future submissions*

HealthProposal.net is a standalone service focused on easy and simple grant submission. It is designed to be used in conjunction with an institution's in-house system and does not require existing systems to be replaced or upgraded. For any receipt date, we will accommodate all grant applications for mechanisms that have transitioned to the SF424 (R&R) dataset.

3. Concisely list specific benefits of your product or service

Our features include:

- 100% Web browser-based
- Available 24/7 from any Internet connection
- Support for PC, Mac, and Linux operating systems
- Support for all 26 federal agencies
- Advanced customer support in fulfilling agency requirements
- Integrated validation using agency requirements and data
- Retrieval of PI data from NIH Commons
- Generation of a complete grant proposal PDF anytime
- Backup and archiving of your grant proposal

- Password protected with secure servers
- Optional controlled access to budget data
- Real time submission status information
- AOR approval process is centralized

4. Please indicate if and when you will be ready to support the SF424 R&R for submitting the following types of grant applications to NIH through Grants.gov:

- *SBIR/STTR -- R41, R42, R43, R44*
- *Support for Conferences and Scientific Meetings -- R13, U13*
- *Academic Research Enhancement Awards (AREA) -- R15*
- *Small Grant Programs -- R03*
- *Exploratory/Development Research Grant Awards -- R21*
- *Research Project Grant Program -- R01*

Our services have been in place since the December 1, 2005 Grants.gov receipt date (SBIR/STTR). Our SF424 (R&R) rollout plan mirrors NIH's planned rollout and we are ready to handle the full capacity of potential submissions for all upcoming SF424 (R&R) receipt dates. We will add support for other federal agencies as needed.
